1	Revised & Updated First-Year Monitoring Plan						
2	<u>General Notes:</u> This is a Revision and Update of the First-Year Monitoring Plan, originally submitted to and approved by the Court in February 2018. It contains all requirements, milestones, deliverables, and deadlines expected from September 1, 2018 through the end of the first monitoring year on February 15, 2019. For ease of review, all First-Year Monitoring Plan deadlines that already have been met are excluded. Dates that have otherwise changed or been amended since the approval of the First-Year Monitoring Plan in February are reflected in red. For all deadlines established below, the Monitor and Parties agree that the deadlines might, in some instances, need to be extended by a brief interval to allow or accommodate unforeseen circumstances or unexpected, minor delays. Accordingly, if and only if all of the Monitor, United States, and the City agree that an extension for any of the deadlines outlined below is warranted and acceptable, the deadline may be extended by an interval of up to 45 days without receiving formal approval of the Court for an extension of the deadline. No deadline may be extended by more than 45 days without approval of the Court. If any or all of this 45-day period is used, the Monitor will formally notify the Court of the deadline extension(s). The extension of any specific deadline, or deadlines, will not change or otherwise affect any other deadline. Unless the Monitoring Team identifies problems with a deadline extension or otherwise raises issues with the Court, none of the Parties, the Court, or the public should interpret changes in deadlines to reflect problems in implementation or a lack of progress. Instead, all should understand that, for progress to be comprehensive and enduring, it may be necessary to take more time initially to refine policies, procedures, or training so that progress, ultimately, is faster, more effective, and more efficient.						
3	For purposes of the following deadlines, and unless otherwise expressly noted to the contrary, "semi-annual" means two times per year at a pace of once per six months. "Annual" means once per calendar year. "Bi-weekly" means once every two calendar weeks. "Monthly" means once per calendar month. "Days" means calendar days. If a listed deadline falls on a weekend or federal, state, local, or Court holiday, the deadline may be satisfied by submission or completion of the identified deliverable on the next business and/or non-holiday day.

5	6, 19-21	Community Engagement	General	As required by the Consent Decree, direct community participation and involvement in police reform will be an overriding objective and goal throughout work under the First-Year Monitoring Plan. In addition to specific periods of community feedback and engagement provided for elsewhere in this plan, during the initial 30 to 45 days of work on any specifically-designated "sub-area" of the Monitoring Plan, the Monitoring Team, potentially in partnership with the Parties and BPD, will conduct an affirmative and focused community engagement effort to identify issues, feedback, concerns, experiences, values, and histories of Baltimore's diverse communities – including BPD officers – regarding the subject matter at hand. The nature of this outreach may include, depending on the issue area, electronic feedback mechanisms; meetings with community organizations and leaders; engagement with existing BPD-community partnerships; general community forums; or community focus groups.
