RE: Baltimore Police Monitoring Team – April 2020 Invoice

This document, including attachments, is the invoice of the Baltimore Police Monitoring Team ("Team") for services performed and expenses incurred in April 2020.

Narrative Summary

This invoice accounts for time worked from April 1 – April 30, 2020 by Team members Ken Thompson, Seth Rosenthal, Charles Ramsey, Theron Bowman, Randy Dupont, Brian Maxey, Hassan Aden, Matthew Barge, Jessica Drake (as both community engagement team member and executive assistant), Nola Joyce, Tracey Meares, Sean Smoot, Roberto Villasenor, Ray Kelly, Darnyle Wharton and nine neighborhood liaisons with Community Mediation Program, Inc. (Baltimore Community Mediation Center (BCMC)). This invoice also accounts for time worked by Gabriela Wasileski, Sarah Lawrence and Katie Zafft of the Crime and Justice Institute in January, February and March 2020.

Please note that Darnyle Wharton is being compensated for 40 hours of work and the nine neighborhood liaisons are each being compensated for a full 15 hours of work, even though the public health measures ordered by Maryland's Governor in response to the coronavirus pandemic rendered them unable to work their full allotment of hours. The Monitoring Team believes it is important to continue to fully compensate Mr. Wharton and our dedicated liaisons during the pandemic, which is adversely affecting so many sectors of the economy. Mr. Wharton and the liaisons are doing what they can to engage community members virtually.

The sum of previously unbilled services and expenses reflected in this invoice is \$92,536.22. Of the time submitted in this invoice, 114.6 hours, or 18.1%, were *pro bono*, or unbilled and donated to the City of Baltimore. By recording 18.1% of its total time *pro bono*, and writing off certain expenses, the Team saved the City a total of \$39,723.00.

Work performed in April 2020 included:

- Virtual community outreach and meetings between Monitoring Team members, including neighborhood liaisons, and community stakeholders, including community associations and advocacy organizations
- Addressing Consent Decree requirements for a community survey
- Virtual and telephonic meetings regarding Consent Decree requirements on stops/searches/ arrests, interactions with individuals with behavioral health disabilities, technology and data collection and maintenance, interactions with youth, impartial policing, misconduct investigations and discipline, training, sexual assault investigations, First Amendment protected activities, supervision, staffing, recruitment, hiring, officer assistance and support, compliance reviews and outcome assessments
- Planning with the parties the work that will continue to be done during the Covid-19 pandemic, including the technical assistance MT SMEs can provide
- Reviewing and conferring with BPD on Training Academy needs and expectations, including
 the need to fulfill state training requirements when in-service training is suspended due to the
 pandemic; the training plan for 2020 as affected by the pandemic; e-learning and in-class
 training curricula on stops, searches and arrests, body-worn camera use, impartial policing,
 sexual assault investigations, field training officers, use of force, and interactions with
 individuals with behavioral health disabilities and in crisis; and training for Public Integrity
 Bureau investigators
- Work on revisions to BPD policies in the area of stops, searches and arrests for low-level
 offenses, misconduct investigations and discipline (including development of an
 intake/classification manual for the Public Integrity Bureau), youth interactions, promotions,
 performance evaluations, field training officers, and Mobile Field Force

- Finalizing a report on comprehensive review of PIB internal affairs investigations in 2018
- Refining a plan for Monitoring Team outcome assessments for the remainder of the year and conferring with the parties about it
- Developing an instrument for forthcoming use of force compliance review
- Addressing issues relating to interactions with individuals with behavioral health disabilities, including meeting with CPIC, discussing an analysis of needs of the City's behavioral health system, reviewing behavioral health awareness and crisis intervention training curricula, and identifying data needed to properly assess BPD and City responses to crisis events
- Consulting BPD on developing and implementing recruitment, hiring and retention plans
- Meetings and communications with Judge Bredar to inform him and receive his feedback about the progress of the project
- Preparing and updating content for the team's website
- Engaging with residents on social media

Individual Invoices and Supporting Documentation

The remainder of this invoice includes the individual invoices of all Team members who submitted invoices for April 2020 (CJI for January, February and March), as well as receipts for travel, transportation, accommodations, and expenses incurred for website development, establishment of Team e-mail addresses, and food for a community stakeholders meeting.

The City and the Team have agreed that Team members who elect to be compensated for meals and personal expenses incurred while traveling to Baltimore for work on the project will do so at the standard federal per diem rate of \$71, with fractions of days billed at 75% of the standard federal per diem rate, or \$53.25. Some team members have waived or reduced their per diem charges, or elected to receive them only for some but not all days while traveling to and working in Baltimore. This constitutes additional, ongoing savings to the City.

We submit this invoice for approval by the Department of Justice and the City of Baltimore. As previously discussed, we ask both parties to review the invoice and get back to us with any comments or suggested changes within five days. Once we obtain approval of the invoice, we will submit it to Judge James Bredar for his review and approval.

Please feel free to contact me if you have any questions.

Sincerely,

Seth Rosenthal Deputy Monitor
